AUDIO INDICATORS & MICROPHONES

Transducers USA, Inc. - Piezo and Electro-magnetic buzzers alerts, sirens, microspeakers, receivers, and microphones.

CABLE & LINE CORDS

Quail Electronics - North American, and international power cords, standard and medical grades.

CONNECTORS & SOCKETS

ITT Cannon - D-Sub, RF, board to board, and cable to PCB connectors. High-density, future bus, plastic and metal circular, environmentally sealed, SMD and ultra-miniature. Smart Card Connectors and SIM/SAM.

Mill-Max - Spring-loaded connectors, SIP, DIP, PGA and BGA sockets, PLCC sockets, pin headers and board-to-board interconnects, available in both surface mount and through hole. PCB pins, receptacles, solder terminals, wrapost receptacles and swage mount pins. Application specific products tailored to meet exacting non-standard requirements. Tape and reel options available.

LED'S & LED ASSEMBLIES

VCC Optoelectronics - LED's, lenses, cable assemblies, litepipes for LED displays. Custom solutions for LED lighting and mounting applications.

POWER SUPPLIES

Friwo - A recognized specialist for power supplies and battery charges within industrial, consumer, lighting and medical applications and well know for their high levels in quality, flexibility, and innovation. Besides standard products customized solutions are available.

RELAYS

Crydom Corporation - Solid state relays, power modules, I/O modules, high voltage relays.

Esterline Power Systems

(Leach International) Power distribution and switching solutions for military/aerospace vehicles. QPL-approved relays, contactors, time delays and smart switching products. Solid state power controllers, relay assemblies, and primary and secondary power distribution assemblies.

SOLENOIDS

Detroit Coil - Industrial linear AC and DC solenoids, pull and push, valve operators.

SWITCHES & CIRCUIT BREAKERS

APM Hexseal - Complete range of sealing solutions. Covers for toggle, pushbutton, lever, rotary, electric switches and circuit breakers, custom seals, self sealing screws, nuts, bolts and washers.

C&K Components - Miniature toggle, rocker/paddle, alternate action and momentary pushbutton, lighted rocker, DIP, thumbwheel, solid state, keylock, snap action and sealed switches. Slide, rotary and rocker switches. Surface mount and through-hole tact switches, domes, key, push-button and power switches. Rotary and coded switches and slide switches.

CoActive Technologies - Conductive rubber keypads.

Eastprint Inc. - Custom engineered membrane switches, turnkey front panel and PCB keypad assemblies. Integrates through hole and SMT components, displays and tactile overlays into complete control panel assemblies.

TEMPERATURE SENSORS

Therm-O-Disc - Thermal switches and controls. Thermistors, varistors, NTC's and PTC's.

TERMINAL BLOCKS

BlockMaster Electronics - Barrier, Euro-style, pluggable, panel and PC mount, custom or standard. Screwless termination available.
